Q. As you may know, legislators in Des Moines are currently discussing House File 484, which would disband the independent governing boards of the Des Moines, Urbandale and West Des Moines water works, and turn over management of the water utility and its assets to local city councils. Do you favor or oppose this legislation?

Q. Iowa law states that a city may establish or remove an independent utility, such as the water board, and that this should be subject to a direct vote of the citizens of that community. House File 484 would give the Iowa Legislature the power to abolish municipal utilities. Who do you believe should have final say over whether to remove an independent utility: the state legislature or the people who live in the community?
